The kind of film that has had people talking for years now. If you haven't seen it you must, if you have seen it you probably will want to see it again . . . and again. Starring Mick Jagger and James Fox Directed by Nicolas Roeg

OCT 24-25

Starring: **DIVINE**

An inter-family battle for the title "The Filthiest Family Alive". Pink Flamingos gained an unbelievable reputation as an underground midnight show in New York. "PINK FLAMINGOS" is an affront to every morality that ever existed and ever will exist. We fell obligated to issue a warning. This film is so perverse, if you have any doubts, don't attend.

Who says the "B Movie" is dead? The Good Captain manages to be very effective indeed as the best yet in removing those annoying vampires from our beloved land. This Midnight show promises to satisfy the most incurable insomniac as it is teamed with an equally frightening second feature "FRANKENSTEIN" and "THE MONSTER FROM HELL"
